NAMES AND RELATIONS OF PART OF THE MATHER FAMILY IN AMERICA

599

COPY OF NAMES AND RELATIONS OF PART OF THE MATHER FAMILY IN AMERICA.

Among the pioneers of America genealogy or a history of their ancestors was not so much thought about. Each family was making a history of its own, and amidst the trials and struggles and many times dangers of pioneer life in virgin forests and the uncultivated wilderness of the Wild Western World, families and near relatives became separated, learning only after long periods, if ever, of each other's location. Early in 1876 the writer of these lines visited after an absence of twenty-five years the home of his birth in Mahoning CO; Ohio., from which he had removed in very early childhood, and while on this visit, attempted to learn something in regard to his ancestors. From the oldest Mather livin in that vicinity he learned that four generations backan ancestor came from Wales and settled Mifflinsburg in Bufalo Alley, Pensylvania, and a list was made of his descendants so far as the memory would serve. Now in 1886 at the request of relatives another attempt has been made to trace out more fully the line of decendants. This has been only partially successful as some families written to have as yet made no report, and addresses of many others is yet unknown to th writer.

1825790

The dates given are mostly from family records. No doubt mistakes and omissions will be found where the attempt has been made to supply from memory the names of which he has no record, and it is hoped that any person who can or will assist in making corrections in any manner as to giving dates or names or correcting those already given, or spelling of names, giving the present Post Office address and any information that may be given concerning the occupation or anything else of general interest concerning any members of this family.

#4 Samuel Mather, son of #3 John Mather, son of #2 Samuel Mather, writing from Leesburg, Kan. in 1886 says:" Greatgrandfather from Wales, Samuel, had two sons, Samuel and lost brother Thomas, said Grandmother Sarah." Again he says: " I often heard my grandfather say his grandfather came from Wales.", referring to the 2nd generation." #2 Samuel and #2 Thomas, he writes," I never he heard which brother was the oldest, nor whtoher born in America, nor the year they came in, nor whether the lost brother was married or not. Think it was befor the Revolutionary War as #3 Thomas tells of living on strawberries and milk while harvesting the crop they grew whilethey were at"the blockhouse for fear of the Indians. One stood guard while the rest worked." Again he writes: Sarah Templeton says Grandfather came from Maryland to Buffaloand had a hard time in stting" In another plce he writes: " I very distinctly grandmother often telling me I was named for three grandfathers." By this he means #2 Samuel Mather, and his father #1 Samuel Mather and his (#4 Samuel's) Mather Catherine Smith's father, Samuel Smith.

#5 William Mather Masters son of #4 Margaret Mather, dau. of #3 William Mather, s. of #2 Samuel Mather, wrting in 1886 in regard to our ancestry: " Mother says her father's name was William, her grandfather's name was Samuel and her greatgrandfather's name was William Mather. About his coming from Wales she does not seem to know anything, She is of the opinion that he was raised b by Thomas Paschal of Philadelphia. We have thought our ancestors were English but have never made the genealogy of the family a matter of search." In the same letter he writes: my mother confined to her bed is now about 78 years of age." In another letter he writewin answer to the question whether he knows of any of the other older Mathersn having the same ideas in regard to our ancestry and whether it was a matter of record, " My infromation comes principall from Mother's recollection." I do not have the name of #1 William Mather from any tother source than Mother's recollection. I do not know of anyone also living that will give me any information on the subject. I endeavored to learn someth ing from #4 William Mather considerable older than my nother but he did na not succeed in getting him to communicate anything to me that would help along any. #2 Samuel Mather was a farmer built a large brick (stone?) house in Buffalo Valley and #3 William Mather thought it quite a mistake to build so expensive a house on a good property that no one of the children could own it. Great Aunt Hannah and Sarah Mather and Cousin Sarah Templeton bought the old homestead but did not succeed in getting it paid for. Xxx

I gave on first page of following record names and both versions of the Ist and 2nd generations, having it for future evidence to determine which is correct or how they may be harmonized. The number and before each name shows to which generation they belong and
